

# JESSICA'S SUGAR SOAP SCRUB

FOR SOFT & HEALTHY SKIN!

## INGREDIENTS

- 1 c. (128 grams) organic coconut sugar
- ¼ c. (60 mL) organic grapeseed or avocado oil
- 2 Tbsp. (30 mL) Dr. Bronner's Peppermint Pure-Castile Liquid Soap
- 2 Tbsp. (30 mL) Dr. Bronner's Citrus Pure-Castile Liquid Soap
- ¼ tsp. (1.25 mL) organic vitamin E oil (optional as a preservative)

## DIRECTIONS

1. Pour coconut sugar into glass or stainless steel bowl, breaking up any lumps with a whisk or fork.
2. Alternate gradually adding the oil and soap to the sugar, mixing well after each addition, until you've reached your desired consistency. For a more liquid scrub, add more oil and soap. Use less for a dryer scrub.
3. Add organic vitamin E oil if using. Mix well.
4. Store in a glass container with a lid.
